## PRELUDE

This year's prelude presents the imaginative journey of a little girl lost in the world of time.

She comes upon a Swiss clock and to her surprise the children in the clock come alive.

While the last note of the chimes is heard, she encounters a group of bird watchers trying to salt the tail of a run-away cuckoo bird. After she sees the frightened bird home she is surrounded by the main spring of an alarm clock.

Suddenly all the clocks start to chime. Of course — it's about time — for the show.

## BALLET - THE WIZARD OF OZ

The ballet follows closely the story of "The Wizard of Oz", in which a young girl, Dorothy, journeys through fantasy. Our story starts after her farmhouse in Kansas is struck by a cyclone, as Dorothy simultaneously begins her dream. She first comes across the Munchkins, little frivolous people governed by a good fairy. But then a wicked witch enters the scene and curses Dorothy. This only adds to her main problem: trying to get back home. To get home, the good fairy has instructed her to go to the city of Oz and see the Wizard. To help her on her way, the good fairy gave her a pair of magical ruby red shoes which protect her from the mean witch. On her journey Dorothy meets a brainless scarecrow, a tinman without a heart, and a cowardly lion. She takes all three with her, for the Wizard can solve all their problems. Finally they reach Oz and see the Wizard. Disappointingly the Wizard is only a little timid man, but he does give the scarecrow a brain, the tinman a heart, and the lion courage. For Dorothy, he has nothing. At this point the good fairy appears again and tells Dorothy that to return home she need only wish hard enough and click the heels of her magical shoes twice. As she does this Dorothy again enters reality.
